MILK PRICES
Not to Be Raised—Producers' Association
Se Decides at Friday's Meeting.

The price of milk at retail will not be raised commencing December 12, in spite of the fact that such an announcement was made late Wednesday afternoon, in the new announcement made by the Willimantic Milk Producers' Association.

The local association held a meeting Friday afternoon in W. C. T. U. hall for the purpose of taking action upon the matter. The question of raising the price was taken up for several weeks, by different producers, but no action was taken at a regular meeting of the association.

When the chairman of the executive board, made his announcement that the retail price of milk would go up December 12 it caused discussion throughout the city and President Frederick Rosebrooks deemed it wise to call a meeting of the association and settle the matter.

The meeting was attended by eight of the dozen local producers and following a short debate upon the matter it was decided not to advance the price of milk.

Secretary H. H. Goldsborough was given authority to issue the following statement: At a meeting of the Willimantic Milk Producers' association, held Friday, December 1, 1911, it was decided that for the present price of milk to our customers will remain the same as usual, 7 cents per quart for milk delivered from the can and 5 cents in sealed bottles.

HOOKS' CARNIVAL

Opens Friday Night with Big Attendance—Splendid Music and Novel Features.

Excelsior hook and ladder company opened its eight days' carnival in town hall Friday evening under very favorable auspices with an attendance that indicated the popularity of the fire ladders. Patriotic decorations adorned the hall and the booths arranged at conspicuous points about the floor were unusually attractive. The grand opening was preceded by the parade, the members of the company in uniform, being led by Wheeler's American band.

Mayor Daniel P. Dunn, as is his custom, did the honors and opened the festivities with one of his characteristic speeches that was heartily applauded.

Then there was a short but excellent musical entertainment furnished by the Marlboro, Mass., singing orchestra, under direction of Mr. Collins.

Dancing, later in the evening, was enjoyed to music by the same orchestra.

The committee in charge of the carnival, E. W. Jacobs, F. W. Gerlick, Foreman Peter Kramer and A. H. Tryon, is preparing to give the patrons an extra fine programme all next week and have provided a number of novel features.

Indigestion—Dyspepsia

are two of the most common and most distressing of modern diseases, and are the cause of much ill health. To keep your stomach in a healthy and strong condition and to get the proper nourishment from the food you eat, take

Duffy's Pure Malt Whiskey

as directed.

It is a form of food already digested, and when taken just before a meal stimulates the mucous surfaces with its rich, little glands of the stomach to a healthy action, causing a sufficient flow of the gastric juice to digest the food and it promotes perfect assimilation. It also excites the flow of saliva for the digestion of starchy food, preventing fermentation in the stomach and bowels.

If these diseases or other stomach troubles have already taken hold, Duffy's Pure Malt Whiskey will quickly restore the diseased to their natural healthy condition.

Duffy's Pure Malt Whiskey is the only whiskey that is analyzed by the Government and is sold in sealed bottles, price \$1.00. If you can't procure it, write for a sample and we will tell you how to obtain it. Write for a sample and we will tell you how to obtain it. Write for a sample and we will tell you how to obtain it.

Relieves Backache Instantly

Sloan's Liniment is a great remedy for backache. It penetrates and relieves the pain instantly—no rubbing necessary—just lay it on lightly.

Here's Proof.

"I had my back hurt for the last two years ago I was in a great deal of pain. I tried all kinds of drugs without success. I tried Sloan's Liniment in a drug store and got a bottle to try. The first application was relieving, and now, except for a little stiffness, I am almost well."

WILLIAM V. PALMER

Appointed General Yardmaster at Local Railroad Station.

William V. Palmer has been appointed general yardmaster of the Willimantic yard of the New York, New Haven & Hartford railroad to succeed Thomas L. Connors, resigned.

Mr. Palmer took the required examination early in the week at Hartford and passed. A. W. Honnywell, superintendent of the division, through the local agent, Arthur L. Griswold, made the appointment.

Mr. Palmer is a competent man and has been a trainman and yard clerk during his quarter of a century's connection with the New Haven system, being employed most of the time in the local yard. During the past three years he has been night clerk in the local yard.

The resignation of Mr. Connors is deeply regretted by the traveling public. He is considered an exceptionally good railroad man being as competent as any yardmaster on the New Haven system. He had been employed by the road as yardmaster here the past eleven years.

Years of Suffering

Catarh and Blood Disease—Doctors Failed to Cure.

Miss Mabel F. Dawkins, 1214 Lafayette St., Fort Wayne, Ind., writes: "For three years I was troubled with catarh and blood disease. I tried several doctors and a dozen different remedies, but none of them did me any good. A friend told me of Hood's Sarsaparilla. I took two bottles of this medicine and was as well and strong as ever. I feel like a different person and recommend Hood's to any one suffering from catarh."

JEWETT CITY

How William A. Slater, Jr., is to Learn Manufacturing Business in Local Mills.

There is some truth and a little fiction to the following despatch sent out Friday afternoon:

Jewett City, Conn., Dec. 1.—William A. Slater, Jr., son of the New York millionaire, is to join the ranks of the workers. He will come here after the holidays to enter his father's yarn mill. Mr. Slater's coming to Jewett City is being looked forward to with a great deal of interest. He has not been seen here, where his father's largest yarn mill is located, before.

Recently he became of age and is understood to have expressed a preference for the practical education with which he will begin the year.

Superintendent Ballou of the Slater mill will provide a room for young Mr. Slater at his home. He will force the pleasures of home-made food, however, and will take his meals at the Jewett's home.

The young man's grandfather was the first owner of the Slater mills in Jewett City and in Slaterville. They were used for the manufacture of cloth, but William A. Slater converted them into yarn mills. Slater was formerly a resident of Norwich and made many princely gifts to that city. His son was born there.

Somebody's Folly

What folly it is to select our wheat—

Then wash and brush and scour it—

Then grind it 20 times—

Then sift it 10 times through silk.

What folly it is if, by all these precautions, we don't get a flour that is better than others.

But, if we do get it, what folly it is for housewives not to insist on this Gold Medal Flour.

Which of us makes the mistake?

Gold Medal Flour has come to outsell every other flour in existence.

Just because we take those precautions.

And because millions of housewives, after countless comparisons, have discovered the merit of Gold Medal Flour.

Now they use in their baking just this cream of the flour—just these sifted-out granules—just
